Description

Showa Atlas® Nitrile 772 Long Sleeve is a 65 cm (26 in) long glove, made from dipped nitrile over a cotton liner. Showa 772 gloves protect the hand and arm, as well as providing comfort and touch sensitivity. The durable Nitrile coating offers excellent protection against a wide range of chemical substances. The Nitrile-coated sleeve provides splash protection from a wide range of chemicals. The rough textured finish ensures excellent grip. An elastic band and grommet holds the sleeve up on the arm.

Launder at 40°C (104°F) using a neutral detergent.

Suggested Applications:

- Oily Greasy Applications
- Municipal Water Treatment
- Protection from Fuels
- Refineries
- Painting
- Agricultural Spraying
- Animal Husbandry
- Sewer and Tank Cleaning
- Chemical Splash Protection

This list of suggested applications is partial and based on laboratory testing of glove performance.
