#### Description

For handling rough, abrasive materials, Nitri-Pro® features our exclusive, tough, yet Flexible, nitrile (NBR) coating that provides superior cut, puncture, snag and abrasion resistance and excellent resistance to oil and grease.

Fully coated or palm coated in a wide variety of styles and sizes for both men and ladies, launderable Nitri-Pro® is an economical replacement for medium to heavy-duty leather palm work gloves. Nitri-Pro® is available rough finished for a good wet grip and extra wear or smooth finished for a good dry grip and more flexibility. An Insulated Nitri-Pro® is also available. Nitri-Pro gloves are manufactured in compliance with 21 CFR, parts 170 to 199 and are acceptable for food handling applications.

Launder at 40°C (104°F) using a neutral detergent.

#### Suggested Applications:

- Mechanical and Automotive
- Construction
- Machine Assembly
- Handling Oily Objects
- Limited Chemical Splash
- Refineries
- Inspection
- Landscaping

This list of suggested applications is partial and based on laboratory testing of glove performance.
